

# Tyler Pruski

2001 Holleman Dr., San Antonio, Tx, 77840, 210-875-6004, tylerpruski@tamu.edu

## Objective

Gain valuable experience through an internship with an established oil company and begin to create a network of colleagues that will help me with my future endeavors in the petroleum industry.

## Education

Texas A&M University – College Station, Tx  
Petroleum Engineering, May 2015  
**Current GPA 3.68**

Graduated 1<sup>st</sup> in my highschool class of over 600 students

## Experience

### Professional Experience

Ranch Hand, Every Summer

Worked 15 hour days outdoors in the San Antonio heat

Can operate most types of heavy machinery

Also worked in construction where we would easily surpass 60 hour weeks

## Extra-Curricular activities

Habitat for Humanity (Freshman and Sophomore year)

Participated in weekly builds to help our community

Led several groups of people on tasks that culminated in the creation of a small “shack” for our main fundraiser of the year.

SPE Student Chapter (Sophomore year)

- ♦ Attended many presentation s including a model of a “toe-up horizontal well” where we modeled the effects of slugging.

Also was a member of the TAMU Kiteboarding Club, Energy Club, and Team captain in several Intermural sports.

## Special Skills

- ♦ Willing to work extremely long hours in order to gain field specific experience
- ♦ Easily learn new topics in the field and always over-prepare mentally for any task at hand
- ♦ Have a craving to work from the bottom up in a company to prove myself to my peers and supervisors.
